VINEYARDS

Our Sangiovese and Merlot express distinctive characteristics in this area of Puglia, thanks to the strength of the sunlight and the high temperatures during the ripening period. Its colour is very deep and the aromas on the nose are of rich, ripe fruit.

VINIFICATION

Soft crushing and de-stemming; maceration at 26 –28 °C, in order to achieve a good extraction of noble substances from the skins.

TASTING NOTES

Ruby red color. Intense and persistent fragrance, fruity with cherries, prunes and vanilla scent. A medium-bodied wine, well balanced and soft, ready to drink.

FOOD PAIRING

Easy to drink, excellent with salami, first courses, red meat and cheese.
